A reference was made to Railway Board for a clarification on the above subject as to whether a person who has been initially appointed in a higher scale and who seek appointment to a lower post on own volition, the past service in the higher grade before appointment to a lower post can be counted while considering the grant of three financial upgradations under MACP Scheme with reference to the grade in which the employee is re-appointed on transfer on own volition?

Board have clarified the same under their letter No.PC-V/2009/ACP/12/ER dated 1.12.2011 which reiterated as under:

" With reference to the above, it is clarified that if a person who has been initially appointed in a higher scale and who seek appointment to a lower post on own volition, the past service in the higher grade before appointment to a lower post is to be counted while considering the grant of three financial upgradations under MACP Scheme with reference to the grade in which the employee is re-appointed on transfer on own volition."
