

**SAFETY SEMINAR CONDUCTED DURING 2020-2**

Sl.no	Date	Place of seminar	Topics of seminar	Staff attended
1.	03.4.2020	MLDT	Safe shunting practice.	32
2.	11.4.2020	SBG.	SPAD	20
3.	18.4.2020	BGP.	Summer precautions	35
4.	26.4.2020	JMP	.All right signal between GUARD and station staff.	37
5.	02.5.2020	MLDT	Prevention of unsafe working and trespassing of railway track.	35
6.	10.5.2020	BGP.	Alertness of LPs, ALPs, Other railway employee to keep sharp Lookout on Track and preventing any unusual incident.	32
7.	23.5.2020	SBG	Prevention of SPAD (Signal Passing at Danger).	55
8.	30.5.2020	JMP	Pre Monsoon Precautions .	37
9.	06.6.2020	BGP station	Alertness of LPs, ALPs, Other railway employee to keep sharp Lookout on Track and preventing any unusual incident, reporting of any unusual incident.	45
10.	15.6.2020	MLDT CBL	No Locomotive should be turned out from Shed with VCD in defective or isolated condition.	40
11.	22.6.2020	SBG CBL	How to avoid SPAD . Our mission zero SPAD.	45
12.	27.6.2020	CBL/JMP	Pre Monsoon Precautions.	50
13.	04.7.2020	MLDT CBL	Duties of ALP/LP/GUARD during failure of Power and Securing of Vehicles/ Loads/ Trains/ Locomotives at station and in block section.	45
14.	12.7.2020	SBG CBL	Cleaning of Yard/ Depot/ Maintenance Pit drains during Monsoon.	40
15.	19.7.2020	BGP station	Double Locking Arrangement of Block Instruments.	55
16.	26.7.2020	CBL/JMP	Observance and compliance of rules/ instructions as contained in G&SR and SWR during shunting operations at stations and yards.	50
17.	02.8.2020	CBL/JMP	Strict Observance of Shunting Practices.	45
18.	09.8.2020	SBG CBL	Prevention of Hot Axle	40
19.	22.8.2020	BGP station	GWR, SWR and Competency of Gateman.	55
20.	31.8.2020	MLDT CBL	Practical demonstration of Fire equipment. Prevention of SPAD. BPC & its validity. Shunting in	50

			siding/yard.	
21.	06.9.2020	CBL/JMP	Detection & prevention of Hot Axle.	50
22.	13.9.2020	SBG CBL	Thoroughly examination of all Power Pack to elimination of Fire Hazard in future.	39
23.	20.9.2020	BGP station	Prevention of SPAD.	52
24.	27.9.2020	MLDT CBL	Prevention of SPAD. BPC & its validity. Shunting in siding/yard.	55
25.	04.10.2020	SBG	Action taken by SM in case of Power Block.	22
26.	11.10.2020	JMP CBL	1) Prevention of SPAD. 2) Winter Precaution (Foggy Weather) 3) VCD 4) Shunting at Station & Siding.	35
27.	25.10.2020	BGP station	1) Prevention of SPAD. 2) Winter Precaution (Foggy Weather) 3) VCD 4) Shunting at Station & Siding.	42
28.	31.10.2020	MLDT CBL	1) Prevention of SPAD. 2) Winter Precaution (Foggy Weather) 3) VCD 4) Shunting at Station & Siding.	40
29.	07.11.2020	SBG	Precaution to be taken during shunting Operations	25
30.	14.11.2020	JMP CBL	Precautions to be taken for visibility of Signals, various Boards & Markers etc. during Foggy or tempestuous weather impairing visibility .	55
31.	21.11.2020	BGP station	Precaution to be taken when passing Gate Stop Signal at ON position, Automatic Stop Signal at ON & absence of fixed signal without light.	42
32.	26.11.2020	MLDT CBL	PRECAUTION TAKEN DURING FOGGY WEATHER, ZERO MISSION SPAD, SECURING OF VEHICLES.	95
33.	06.12.2020	SBG	Precaution to be taken when passing Gate stop signal at ON & Automatic stop signal at ON.	28
34.	13.12.2020	JMP CBL	1) Maintenance of EMU/MEMU. 2) Ensure Zero SPAD.	52
35.	20.12.2020	BGP station	Ensuring all Signalling installation in accordance with the Signaling Interlocking Plan (SIP) shown in SWR, SWRD.	45
36.	27.12.2020	MLDT CBL	Precaution to be taken when passing Gate stop signal at ON & Automatic stop signal at ON.	65
37.	02.01.2021	SBG	Rules for Train Operation in case of LP/Guard experiencing any abnormal condition in the track prescribed under unified subsidiary Rules to GR 6.07.	35
38.	09.01.2021	JMP CBL	Reporting of any unsafe condition or unusual circumstances likely to affect the safe and proper working of on or near track.	52
39.	17.01.2021	BGP station	Ensure Safe Train Operations.	35
40.	24.01.2021	MLDT CBL	Function of GPS trekker & its uses. Activity of Patrolman, Keyman, Mate, on track. Safety	35

			precautions during winter.	
41.	06.02.2021	SBG	Safe Operation for the Goods Trains running without Brake Van as per GR & SR Guidelines 4.23 from 01.02.2021 to 02.03.2021.	42
42.	14.02.2021	JMP CBL	Safety of work site for various works being done adjacent to running line	45
43.	21.02.2021	BGP station	Procedure to be followed for opening of relay room (JPO-64) & reversal of Point against blocked line (SR 5.19 (vi))	49
44.	27.02.2021	MLDT CBL	Maintenance of Track, Points & Crossing in Yard as well as strict observation of Rules in Shunting.	55
45.	12.03.2021	DRM Building/MLDT	Prevention of Fire & practical demonstration for use of Fire Extinguisher	45
46.	15.3.2021	RCD/MLDT	Practical demonstration conducted regarding fire at RCD/MLDT.	20
47.	16.03.2021	NFK	Prevention of Fire & practical demonstration for use of Fire Extinguisher	49
48.	17.03.2021	JRLE	Prevention of Fire & practical demonstration for use of Fire Extinguisher	55
49.	18.3.2021	CBL/MLDT	<ol style="list-style-type: none"> <li>1. Securing of train in case of engine shutdown in block section.</li> <li>2. Loco Hand Brake to be applied properly.</li> <li>3. Train brake should not be released before creation of BP by Locomotive.</li> <li>4. LP, ALP, Guard should not leave the train.</li> <li>5. Wooden wedges to be placed properly.</li> </ol>	85
50.	19.3.2021	CBL/MLDT	<ol style="list-style-type: none"> <li>1. Precaution against roll downs of train</li> <li>2. Fire precaution &amp; practical drill for use of FE</li> </ol>	42
51.	19.03.2021	JMP	Prevention of Fire & practical demonstration for use of Fire Extinguisher	45
52.	20.3.2021	CLB/SBG	<ol style="list-style-type: none"> <li>1. Prevention of SPAD</li> <li>2. Protection of train.</li> <li>3. Prevention of entanglement of Pantograph.</li> </ol>	35
