Sub:- Pushing of settlement data from IPAS to ARPAN.

*****

The data pertaining to settlement cases processed through IPAS needs to be pushed to ARPAN for concurrent updation of Pension Master, Reconciliation of pension debits , revision of PPOs and other pension related activities arising in future. Accordingly, a suitable utility has been developed in IPAS settlement module and rolled out recently.

You are therefore requested to ensure that the settlement data is ported from IPAS to ARPAN portal within a week's time from the date of issue of PPOs for their timely updation.
