**Sub:** Imparting initial/induction training for direct recruit  
Technicians recruited through CEN No. 01/2018 - reg.

\*\*\*\*\*

Consequent upon the outbreak of COVID-19 pandemic and considering the unprecedented situation of lockdown, it was not feasible to impart prescribed initial/induction training to some of the newly recruited Technicians.

It has now been decided, as a special case in view of prevalent COVID-19 pandemic & not to be quoted as a precedent that initial/induction training of left over direct recruit Technicians is going to be imparted from 15<sup>th</sup> October, 2020 pertaining to Electrical, Mechanical, Engineering and S&T Departments. In case of technicians allotted to Workshop, the required training shall be undertaken by respective Workshops and for technicians allotted to Divisions; it shall be undertaken by respective Divisions.

Necessary pre-recruitment formalities in respect of left over direct recruits may be completed, so that they may be sent for initial/induction training as per aforesaid schedule. The necessary COVID-19 protocol about wearing of masks, social distancing, hygiene etc must be followed while imparting training to the candidates.
