**Sub: Imparting initial/induction training to direct recruit JEs  
(Mechanical) recruited through CEN No. 03/2018 - reg.**

Consequent upon the outbreak of COVID-19 pandemic and considering the unprecedented situation of lockdown, it was not feasible to impart prescribed initial/induction training to some of the newly recruited Junior Engineers (JEs) of Mechanical Engineering Department.

2. It has now been decided, as a special case in view of prevalent COVID-19 pandemic & not to be quoted as a precedent that initial/induction training of all left over direct recruit JEs of Mechanical Engineering Department allotted to Divisions & Workshops is going to be imparted from **19.10.2020**.

3. Necessary pre-recruitment formalities in respect of left over direct recruits JEs may be completed, so that they may be sent for initial/induction training as per aforesaid schedule. The necessary COVID-19 protocol about wearing of masks, social distancing, hygiene, etc must be followed while imparting training to the candidates.
