Sub :- System Improvement regarding declaration of private cash by SAHYOG staff

During various preventive checks, it has been observed that the outsourced staff of enquiry (SAHYOG) at various stations have no provisions for declaring their private cash while on duty.

It was also observed during check that static checking staff are utilizing online payment account of the SAHYOG staff to penalize irregular passengers by accepting money through online mode in account of the outsourced enquiry staff. Therefore, there remains a scope of the static checking staff to avail this privilege for their personal gain.

Therefore, it is requested to make it mandatory for all private staff (outsourced to licensee) manning SAHYOG enquiry counter in ER, to declare their private cash in PCDR alongwith any expenditure above Rs.200/- and also to strictly prohibit accepting online transfer of Govt. revenue from on duty railway staff.

An early compliance is solicited.
