Date :- 09.02.24

Divisional Railway Manager
HWH,SDAH,ASN,MLDT

Sub :- System improvement system Regarding checks on Power Cars.

As desired by Railway Board, a drive was launched during the period 15.11.23 to 19.11.23 to check on the aspect of travelling of unauthorised passengers in power cars and SLRs attached in different trains originating/terminating from/at Eastern Railway. During the drive , 12 preventive checks were conducted in power car/SLR of different trains. It was detected that irregular/WT passengers were travelling in power cars in connivance with the Electrical and contractual staff manning the power cars and eventually they were regularized after the intervention of Vigilance team with recovery of a sum of Rs. 25340/-

It was also seen in some instances that the staff of power car are not maintaining any PCDR to record their private cash /expenditure and private cash of some staff were found excess than the ceiling amount.

It is hereby instructed that all power car staff, railway or contractual, should positively record their private cash and expenditure beyond Rs. 200/- in th PCDR both at the originating station and onboard.

It is also suggested that contractual staff manning power cars should be made aware that carriage of irregular or ticketless passengers in power cars should be strictly prevented and if such passenger is detected on inspection, then Electrical /Contractual staff will be made responsible for the same and suitable DA/penal measures will be taken against responsible staff/contractual workers. In cases where ticketless or irregular passengers forcefully board the power cars, staff manning the power car should immediately inform the train manager and escorting RPF personnel for taking suitable action.

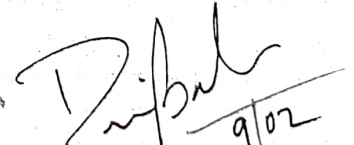

An early compliance of the above is solicited.

This has the approval of the SDGM
